

Charter Legislation

5 JUL 1979

MEMORANDUM FOR: General Counsel
FROM: Director of Central Intelligence
SUBJECT: Title I Charter Legislation

Attached is a copy of a paper I delivered to the Secretary of Defense last Friday on the Title I Charter Legislation. I told him that I was generally unhappy with the way the SCC meeting had resulted in lots more concessions by DCI than SecDef, and that this had resulted in our sending many more issues to the President than was justified. As you can see, I proposed where each of us should concede further. You may not hear from on this. STAT
